Technoprobe Group

Technoprobe Group Technoprobe is a leading company in the field of semiconductors and microelectronics. Established in 1996, Technoprobe is focused in the design and manufacture of Probe Cards, i.e. electro-mechanical interfaces used for the functional testing of chips. Probe cards are hitech devices that are custom-made for each chip and allow the function of chips to be tested during the manufacturing process. These technologically-advanced designs and solutions are essential for ensuring the proper functioning and reliability of devices that play a crucial role in industries such as Information Technology, 5G, Internet of Things, home automation, automotive, aerospace, etc. Technoprobe headquarters are in Cernusco Lombardone (LC). The Group has 21 locations worldwide, 4 research centres and more than 600 certified patents. Since May 2nd, 2023 shares have been transferred to Euronext Milano segment.
