SUPPLEMENT TO THE PRESS RELEASE REGARDING THE APPROVAL OF CONSOLIDATED RESULTS AS AT SEPTEMBER 30,25

Cernusco Lombardone (LC), November 12th, 2025 - With reference to the press release issued on November 10, 2025, concerning the approval of consolidated results as of September 30, 2025, and to the subsequent earnings conference call held at 6:00 PM on the same day, Technoprobe S.p.A. provides the following clarification.

In response to the anticipated growth in testing demand within its reference market, the Company confirms that the planned increase in production capacity is expected to approximately double the current levels. This expansion will be supported by investments to be carried out over the next 24 months.

Furthermore, in light of improved market growth prospects compared to those outlined during the Capital Market Day held on April 14, 2025 - where Technoprobe presented its growth drivers, strategic roadmap, and medium-term target model - the Company now expects to achieve its previously announced targets of Revenues (€850–€900 million) and Ebitda Margin (38%–40%) by 2027, one year ahead of schedule, as also highlighted during the aforementioned conference call.

This press release is available on Technoprobe's website <https://www.technoprobe.com/>, in the Investor Relations section and on the authorized storage system named eMarket Storage" (www.emarketstorage.it).

Technoprobe Group

Technoprobe is a leading company in the field of semiconductors and microelectronics. Established in 1996, Technoprobe is focused in the design and manufacture of Probe Cards, i.e. electro-mechanical interfaces used for the functional testing of chips. Probe cards are hi-tech devices that are custom-made for each chip and allow the function of chips to be tested during the manufacturing process. These technologically-advanced designs and solutions are essential for ensuring the proper functioning and reliability of devices that play a crucial role in industries such as Information Technology, 5G, Internet of Things, home automation, automotive, aerospace, etc. Technoprobe headquarters are in Cernusco Lombardone (LC). Since May 2nd, 2023 shares have been transferred to Euronext Milano segment. For more information, visit the website: www.technoprobe.com.
