Technoprobe Group

Technoprobe is a leading company in the field of semiconductors and microelectronics. Established in 1996. Technoprobe is focused in the design and manufacture of Probe Cards, i.e. electro-mechanical interfaces used for the functional testing of chips. Probe cards are hitech devices that are custom-made for each chip and allow the function of chips to be tested during the manufacturing process. These technologically-advanced designs and solutions are essential for ensuring the proper functioning and reliability of devices that play a crucial role in industries such as Information Technology, 5G, Internet of Things, home automation, automotive, aerospace. etc. Technoprobe headquarters are in Cernusco Lombardone (LC). Since May 2nd, 2023 shares have been transferred to Euronext Milano segment. For more information, visit the website: www.technoprobe.com
